G. A. R. Reunion.

Talking about shooting soldiers at Chickamauga! Well, that will be no comparison with the manner they are going to get shot by the Missouri Pacific through to Louisville to attend the reunion on September 8, 9 and 10. This line was, with great wisdom, I think, selected for the Kansas official train which will be shot through with a roar. Our Great Bend friends who wish to catch on to this train, and of course all soldiers will, may do so by taking our morning train September 8th; \$20.65 pays all the railroad fare. This line passes through at least five good sized tunnels, thus offering special inducements to the young as well as to the old.

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
